100 Color Night Presentations Honor Students Active In Campus Activities

Nearly 100 awards were presented to outstanding campus personalities at Color Night, held in the MacDonald hotel last night. Approximately 250 persons attended the event to honor the students prominent in student government, cultural activities, publications and athletics.

Professor Grant Davy was the guest speaker.

Gold "A" rings were awarded to Terry Kehoe, arts 4, Bob Kubicek, grad school, and Van Scraba, arts 4, by President Andrew Stewart for outstanding

contributions to student life.

Pat Shewchuk, law 2, was awarded the Lorne Calhoun memorial award presented by the Students Union to the student who contributes most to student life in a wide variety of activities. Shewchuk received a shield and a \$25 book prize from Student Union President John Chappel.

Miss Kehoe, vic-president of the Students Union has been active in Gold Key, Varsity Varieties, Varsity Guest Weekend, Newman club, Drama society and Radio society.

Miss Scraba, a member of Gold

Key, has been active in Varsity Varieties, WUS, Hugill debates, Psychology club, VCF, and Radio society.

Kubicek, editor-in-chief of The Gateway, has held editorial positions on the paper for three years. He participated in Model Parliament and has been active in student activities at the Calgary branch.

Shewchuk, President of the Political Science club, has been both a Hugill and McGoun cup debater. He is law representative on Students Council. He has participated in Model Parliament and has been a member of The Gateway staff.

President Chappel presented silver "A" rings for executive work to Ray Anderson, president of the Debating society, Helen Howard, president of the House Ec. club, Dennis Lawson, treasurer of the Students Union, Mike Leenders, NFCUS chairman, Fran Losie, president of the Women's Athletic association, John Paterson, McGoun debater, Grace Powell, Political Science club executive, Lou Schneider, president of the ESS, and Shirley Tanner, president, Wauneita society.

John Davies whose contributions to student activities have been outstanding, but because of pressure of studies relinquished many of his duties last term, was awarded a special ring for his outstanding services to the Students Union.

President Chappel received a Gold Key presented by Miss Kehoe in lieu of a Gold "A" ring which he originally had been awarded. Chappel felt that a student like himself who was not in his graduating year and who would continue in extra-curricular activities should not be eligible for the award.

The 10 other new members of the University's honorary society, the Gold Key, appointed by Students Council received their awards from Chappel. They included Joyce Aylen, John Chappel, Harold Coward, Park Davidson, Sonja Gotaas, Lou Hyndman, Joe Kryczka, John Nasedkin, Jeanne Saruwatari, Shewchuk and Ian Spence.

Four executive "A" pins were awarded by Chappel to Sandy Fitch, Miles Palmer, Norm Gish and Jim Edwards.

Eight gold "A" pins were presented to students who contributed to student life through work on publications. Evergreen and Gold staffers recognized were Carlie Jean Martin, Crawford Smith and Al Cook and Albert Baisley, director of the photo directorate.

Gateway staffers receiving pins were Darlene Breyer, Colin Campbell, Norma Fuller, and Wendy McDonald.

Professor Davy presented a "replica" of the McGoun trophy to debaters Loun Hyndman, Len Leigh, John Paterson and Bob Roberts.

Tri Service military awards were presented by Colonel P. S. Warren to George Eykelbosh and Keith Peterson.

Retiring President Chappel handed over the gavel, symbolic of his tenure in office, to the incoming President Bob Smith.

Professor Day in his speech he entitled "Crisis in Education" stated that higher education today is more and more coming under the scrutiny of the public. Since these people don't know what a university stands for, they pose as a threat to the university as such.

In order to have the university defend itself from the public Professor Davy asked "for a large pressure group" to sell the university who while in university were active in activities.

to be held at UBC late this month. Mr. R. P. Phillips, director of athletics at UBC who attended the conference expressed the opinion that UBC students would be interested in re-entering the Union.

The entry of UBC in the WCIAU in 1958 would bring about the return of football to the prairie universities. It was felt at the conference that the revival of university football would fill a void which now exists from September to December in athletics and thus would do much to improve inter-collegiate competition and student interest.

Attending the meeting were Mr. Phillips, Mr. Ken Gowie, director of physical education and athletics, University of Saskatchewan; Dr. M. L. Van Vliet, director of physical education and athletics, University of Alberta.

TWELVE PAGES

Active Members A Must For Successful Association

By Louis Parai

Editor's Note—This is the last in a series of three articles on the Alumni Association by Gateway Reporter Louis Parai.

The Alumni association is as active as its participating membership. Because only a small number, as compared to its general membership, are participating members, the association is not as active as it might otherwise be.

Some members, however, are very active. The dents, meds, and nurses each have their own Faculty Alumni branch. These three groups, in general, are the most active members of the association. When asked why this was so, Mr. Markle, the executive-secretary of the Alumni association, gave the following reason: "Their classes are together for a longer period of time and are smaller in number. Hence they get to know one another much better than do other faculties or schools of students".

Therefore one great difficulty which faces the Alumni association is that many graduates, especially those in the larger faculties such as arts and science, do not get to know one another while attending varsity. Consequently, the Alumni association cannot be expected to foster a sense of fraternity and co-operation which did not originally exist.

Another difficulty facing the association is that of communicating with a membership in the neighborhood of 16,000. This difficulty, together with the previous one to some extent, may be eliminated by the new system of class representation.

This does represent an active effort on the part of the Alumni association to improve upon previously encountered inadequacies.

The basic difficulty however, appears to be the fact that not enough of the graduates take an active interest in their Alumni association. This lack of interest is displayed by the fact that only 2,500 of the 16,000 general members are active members, or in other words, members in good standing who have paid their annual due.

Many students while on the campus do not get to know the aim, purposes, and organization of the Alumni association. A more active effort on the part of the association to acquaint the students with itself would probably get more interest

and co-operation from this same student when he has graduated.

If the Alumni association is sufficiently appealing to the graduate, he will become an active Alumnus regardless of the number of other organizations which might also demand his membership.

But such changes will come about only through efforts of the members. With over 1,000 presently completing

Stet Next Week

The annual publication of Stet, the students' literary magazine, is scheduled for the early part of next week. This magazine contains poetry, short story, and essay, all of these written by the undergraduates of this university.

Stet, a printer's term meaning "let it stand" was the name given to the literary magazine in the year 1947. This is only the fifth year ('47, '49, '50, '56) that Stet has been published. His contributors, male and female, says H. E. Young, this year's editor, have given him more material than was available for last year's Stet. It was his wish that more students contribute to the yearly literary venture.

To Build Swimming Pool As Hamilton Memorial

By John Chittick

To perpetuate the memory of the late Mr. and Mrs. Winslow Hamilton a memorial in the form of a swimming pool at the University of Alberta is being planned by a number of their friends.

Mr. and Mrs. Hamilton were aboard the TCA North Star airliner which was lost in the mountains of British Columbia, Dec. 10, enroute from Vancouver to Edmonton.

A partner in the Winspear, Hamilton, Anderson accounting firm, Mr. Hamilton was well known in Edmonton and throughout Canada.

A committee of the Hamilton's friends after consulting the family decided that a fitting tribute to them would be a swimming pool at the University of Alberta.

The decision to erect a swimming pool was prompted by the great interest Mr. and Mrs. Hamilton showed in the welfare of young people, and the fact that the Government of Alberta is not planning to include one in their expenditure towards a new athletic building on the campus. Both Mr. and Mrs. Hamilton also showed a great love for life and activity.

The committee decided a swimming pool would provide generations of university students with a healthful form of recreation and at the same time would stand as a tribute to the lives of two fine people.

Mr. Hamilton was a 1931 graduate of the U of A in commerce. During his college years he was active in a variety of activities including Students Council. In his graduate year he was awarded the T. Eaton Company gold medal for obtaining the highest marks in commerce.

The committee hopes to have the swimming pool erected when the

provincial government builds the jubilee gymnasium which is now in the stages of planning. The government is making provisions for a pool in the plans but has refused to authorize public funds for its construction.

Although the memorial fund has not been officially launched a number of contributions have already been pledged. The committee hopes to raise \$100,000, to \$125,000 for this memorial.

Dr. M. L. Van Vliet, director of the school of physical education, when contacted by The Gateway, said that "no more useful facility could possibly be provided." He said if it was built in conjunction with the gymnasium as planned, with possibly the rink, that this campus would be able to serve the university and the province with a plan second to none in Canada.

The committee directing the memorial fund consists of Dr. L. Y. Cairns, Dr. Ken Hamilton, Mr. B. C. Hollingshead, Mr. Rodney Pike, Mr. S. B. Smith, and Mr. F. G. Winspear. The fund secretary is Miss J. I. Connelly.

UBC May Join WCIAU Program

Tentative approval of the re-entry of the University of British Columbia into the Western Canadian Intercollegiate Athletic Union for 1958 was sanctioned by athletic administrators from the University of Alberta and University of Saskatchewan, at a conference held here over the weekend.

The entry of UBC into the WCIAU will depend on a student referendum

Many Scholarships Open To Varsity Students

The members of the Committee on Scholarship and Prize Awards very much appreciate the publication in The Gateway of a special section devoted to awards. May I urge students who are interested and who hope to become qualified to take action in good time.

It will be noted that most of these awards are not automatically awarded, but must be applied for. In many cases the deadline is June 15th. I sincerely hope that prospective applicants for such awards will secure the necessary forms from my office before leaving the University and will submit the application immediately thereafter. With all the emphasis at my command, may I urge them not to await the results

of examinations before doing so, as some statements of marks may not be mailed until the middle of June. It would be a great pity if by such delay an application had to be rejected for lateness.

In closing, may I again urge students to apply for all awards for which they may be eligible. It would be most regrettable to have to inform a donor that there were no applicants for his scholarship.

A. D. Cairns,
REGISTRAR.

The attention of students is called to the following list of prizes, scholarships and bursaries which will be available for the session

1957-58.

Only new awards or those for which application must be made are listed here. More complete details regarding all except new awards may be found in the calendar, which should be consulted before the end of the session.

The new awards are shown with an asterisk. (*)

NOTE: In the case of awards for which application must be made, forms may be obtained from the Registrar's Office, Arts 239, and unless otherwise stated, all such applications must be in the hands of the Registrar by June 15th, 1957.

The following awards are available to students in any faculty:

War Memorial Scholarship

The War Memorial Fund of the University of Alberta will provide one or more scholarships of the value of \$650. They will be awarded on the basis of scholastic ability, financial need and according to the priorities outlined in the calendar. As these scholarships are available to matriculants and undergraduates, applications should be received by the Registrar before August 1.

The Canadian Legion Scholarship

This scholarship valued at \$400 will be awarded on the basis of scholastic ability, financial need and according to the priorities outlined in the calendar. As this scholarship is available to matriculants and undergraduates, applications should be received by the Registrar before August 1.

The Viscount Bennett Undergraduate Scholarships

Not more than seven scholarships of the value of \$300 each will be available in 1957-58 for competitive award to students from the Calgary or Banff areas. These

scholarships may be held in any year and course. Apply to Registrar by June 15.

The Robert Tegler Special Scholarships
The Robert Tegler Trust has provided two special scholarships for handicapped students, tenable in any faculty. The value of the scholarships will be equal to the annual fees in the faculty concerned, plus a subsistence allowance of \$300 for the academic year. Applications should be received by the Registrar before August 1.

The City of Calgary Scholarships
Six scholarships of \$300 each are offered annually by the City of Calgary to students. Applications should be received by the City Clerk, Calgary, before August 1. See calendar.

The City of Edmonton Scholarships
Six scholarships of \$300 each are offered annually by the City of Edmonton. Three scholarships are restricted to students who have attended Edmonton schools from Grade VII to Grade XII; three scholarships are open to students from outside the City of Edmonton. Applications should be received by the City Clerk, Edmonton, before August 1. See calendar.

***The William Asbury Buchanan Bursary**
The annual income of \$100 from a trust created by the will of the late Senator William Asbury Buchanan will be expended in paying part of the tuition of a student whose home is in the Lethbridge Public School District, the Lethbridge Separate School District or the Lethbridge School Division. Selection of a recipient of this bursary will be made on the basis of intellectual attainment, athletic ability, useful activity in student affairs, and financial need.

The award, which is open to a student in any faculty, is tenable at the University of Alberta for matriculants or undergraduate, and either at this or another university graduate studies. Applications should be received by the Registrar by August 1.

The Samuel J. McCoppen Bursaries
Students who have completed the first or second year of attendance at the University of Alberta are eligible to apply for bursaries from this fund of \$1,200. Application should be made to the Registrar by June 15.

The Women's Canadian Club of Edmonton Bursary
This bursary of \$100 is awarded to a new Canadian undergraduate student who has successfully completed at least one year in any faculty or school at the University of Alberta. Application should be made to the Registrar before June 15.

FACULTY OF ARTS AND SCIENCE

The President's Scholarships
Three scholarships of \$300 each are open to competition by students in Mathematics, Physics, the Humanities (including the Fine Arts), and Public Affairs (a program based on history, political economy and law). Apply to the Registrar by June 15.

The Renkenberger Scholarship
This scholarship of \$250 will be awarded to a student who desires to specialize in the study of the principles of co-operation in the Faculties of Agriculture, Arts and Science including Commerce, and Education. Apply to the Registrar before August 1.

The Friends of the University Bursaries in Arts and Science
The Friends of the University have provided two bursaries of \$100 each for the 1957-58 session, open to student who have completed two years work towards

CANADIAN CHEMICAL COMPANY, LIMITED

Q. What is Canadian Chemical?

A. A young, progressive and fast-growing Canadian company. Its \$75,000,000 plant on a 430-acre site at Edmonton, Alberta, consists of 3 plants—a petrochemical unit, a cellulose acetate manufacturing unit, and a filament yarn plant. It has its own power plant and water treating facilities to supply steam, electricity, water and compressed air.

Q. What do we make at Edmonton?

A. Canadian Chemical's three integrated plants at Edmonton use the products of Canada's forests and vast oil fields . . . producing for world markets high-quality supplies of

ORGANIC CHEMICAL

CELLULOSE ACETATE FLAKE

ACETATE YARN AND STAPLE FIBRE

Q. What are my job opportunities?

A. The Company maintains complete technical facilities for the development of new processes and for quality control of products.

Organic chemistry as applied to the petrochemical industry is the basic science of this plant's operations. The entire plant depends upon accurate analytical methods, including the use of spectroscopy (UV, infra-red, mass). Your training will be applied in the solving of many interesting and varied chemical problems.

* * *

Challenging job opportunities also exist for mechanical engineers, chemical engineers, electrical engineers and engineering physics graduates—as discussed in other ads of this series.

Activities Of Clubs Conclude With Election Of Executives

By Dolores Shymko

The conclusion of the year's activities of the numerous campus clubs included the election of a slate of officers for the next term. However, many of the new executives will not be chosen until reorganization next year or later this term.

The students serving in executive capacities next year in some of the clubs are listed below.

Pharmacy club: President—Neil Fjell; vice-president—Alan Samuelson; secretary—Binkie Edmunson; treasurer—Jake Hlynka; social convener—Doug Colby; Students Council representative—Mary Williams; girls and boys sports—Joan Emery and Joe Rohner and delegate at large—Ron Bardak.

Pembina House committee: President—Jeanne Saruwatari, house ec 3; vice-president—Winnie Swainson, arts 1; secretary—Erin O'Brien, ed 2; treasurer—Beverley Dallas, pharm 2; social convener—Karen Anderson, ed 1 and program director—Norma McCoomb, arts 2.

Debating society: President—Louis Hyndman, law 1; Hugill Debates manager—Morton Brown, arts 2; McGoun Cup manager and vice-president—Bernie Adell, arts 1, Debating Union manager—Len Leigh, law 2; and public relation officer—Chris Yorath, arts 2.

Drama society: President—Al Shepperd, ed 2; vice-president—Betty Anne McQuarrie, ed 1, secretary—Barbara Taylor, nurse 2; treasurer—John Frey, arts 1; Publicity manager—Ken Westerlund, ed 1.

Ag club: President—Bill Owen; vice-president—Bruce McDonald; secretary—Gordon Bruins; treasurer—Walter Gerbts; Students Council rep—Paul Jensen; Publicity director—Ron Gordon; sports director—Ken Deltzer.

Ballet club: President—Mary Krypan, ed 3; secretary—Carmel Despins, ed 3; Instructress will again be Helen Tkachenko.

Musical club: President—Sheila McCorry, ed 3; vice-president—Harold Nix, med 2; secretary—Barbara McDougall, ed 3; treasurer—Harlod Coward, arts 2. Other executive members are Alma Eagle-son, ed 1; Bud Phillips, arts 1; and Ian Spence, arts 2.

Mixed chorus: President—Hugh Nuttycombe; business manager—Wayne Olsen, dent 1; librarian—Nis Schmidt, arts 2; advertising manager—Bud Phillips, art 2; secretary—Sheila Macrory, ed 2 and social convener—Erin O'Brien, ed 2.

Math and Physics club: President—Peter Buckley, arts 2; vice-president—Richard Matas, arts 2; secretary-treasurer—Adele Castella, arts 2.

Medical Undergraduate society: President—David Gilmour; vice-president—Peter Crockford; secretary—R. S. Smith; treasurer—Lois Stayura; Students Council representative—Hugh Nuttycombe.

House Ec club: President—Marg Ward; vice-president—Betty Dishaw;

secretary—Pat Schneider; treasurer—Kathy Burgess; Publicity Director—Maxine Anderson assisted by Pat Nichols; Wauneita rep—Marg Schnell; junior Wauneita rep—Lynnee Clayton; Fashion Show Director—Nat Screpnick assisted by Norma Hargraces; Social Director—Joan Woloshyn assisted by Jane McCallum; news reporter and WUS rep—Elaine Conquest; Council rep—Donna Shantz; and sports director—Sally Williams.

Panhellenic society: President—Marg Mcleod, arts 2; secretary—Carol Mitchell, physio 1; treasurer—Donna Tompson, arts 2; Publicity—Nancy Kondo, ed 3.

Convocation Set For May 17

By Penny Whittaker

The Convocation ceremonies of Friday, May 17 this year will be held in the new Provincial Auditorium, which will have opened only two weeks before. The Grad committee, composed of chairman Roy Mutter, eng 4, Carlie-Jean Martin, com 3, and Pat Low, ed 4, committee members, will be responsible for the planning of several aspects of the Convocation ceremony. Their advisors are Miss Maimie Simpson and Mr. W. Dinwoodie.

Both the Informal Dance, held several days before the ceremony, and the formal dance after Convocation are being planned by the committee. An attempt is being made this year to break with tradition, and to introduce some fresh ideas into the dances.

The informal dance is usually held at Lakeview, but this year it has been decided that a barn dance would be an innovation. However, they are having difficulty in locating a barn within a radius of 30 miles of the city that could accommodate 600 people.

The formal dance, held at the Macdonald hotel up until now, will not be held there this year because the ballrooms are not available for the 17th, and the committee does not like the idea of having the dance before the exercises.

King IFC President

Frank King, eng 3, was elected president of the Interfraternity Council recently. This position was formerly held by Bill Harley, dent 1.

Other members of the new IFC executive are: — vice-president, Charlie Kaser, arts 2; secretary-treasurer, Bruce Jackson, arts 2; director of club '58; and Jack Sprague, arts 3, public relations officer.

Ends Term

Top University Paper

With this issue The Gateway ceases publication for the 1956-57 term. This year The Gateway became the first western newspaper to win the Southam trophy awarded to the top university paper in Canada.

Under the guidance of editor-in-chief Bob Kubicek, a staff of 60 has succeeded in producing 39 editions of The Gateway during the year. Over 268 pages were printed including a special Varsity Football Night flyer, the gag edition of Flush and the Varsity Guest Weekend issue.

The Gateway, which is circulated every Tuesday and Friday, endeavors to present complete coverage for events of interest to university students. As a result reporters and office workers have averaged three to five hours a week on the paper. Senior editors average over 15 hours

The West lounge of SUB will be converted into a study lounge as was done at Christmas time, beginning March 25th. The lounge will be open until 11 p.m.

World University Service annual meeting. Thursday, March 21, 4:30 p.m., room 309 SUB. Chairman's report, treasurer's report, election of officers. All committee members are urged to attend. Others welcome.

weekly while the editor-in-chief often spends more than 30 hours with The Gateway.

The Gateway is completely written and edited by students and is printed by the University Printing department, under the supervision of Alf Hartwig. The newspaper operates on a budget of some \$10,000 a year, much of which is made up in revenue from advertising and student fees.

Throughout the year The Gateway has agitated for the construction of new physical education facilities. Along with other western college papers The Gateway endeavored to revive interest in intervarsity football, but at Manitoba students voted against the proposal.

Efforts were made through the pages of The Gateway to arouse student spirit by publicizing sports events, Model Parliament and Student Union elections and the Blood Drive. Student Council activities and those of musical and dramatic organizations were frequently featured.

At various times during the year fraternities, WUS campaigns, and election platforms were given special coverage. Other important stories arose from the Engineers Queen campaign, and the Mardi Gras King campaign when kidnapping attempts were made.

Staff members tried to gauge student and faculty opinion on such topics as the Suez crisis. The movement of the TV set in SUB from room to room also caused considerable comment. Features on the Evergreen and Gold, medical services, employment opportunities, the bookstore, the library and SUB were included in The Gateway's columns.

Letters to the editor, editorials and columns form another basis section of the paper. The Notice Board provided information about campus events.

The Gateway will commence publication next September 27 with Wendy McDonald, arts 2, as editor-in-chief.

NFCUS LIFE PLAN

Exclusive to University Students at this UNMATCHED low cost

\$10,000 for only \$35.00 PER YEAR

\$5,000 for only \$17.50 PER YEAR

**You cannot purchase this plan after leaving University
APPLY NOW and avoid disappointment**

Underwritten and guaranteed by Canadian Premier Life Insurance Company—A Canadian Company with federal charter, licensed in all provinces of Canada, from coast-to-coast and backed financially by insurance interests with assets exceeding \$330 millions.

"... it is almost half the cost of other policies generally available to persons in the student age group."

JAMES PICKETT, Executive-Secretary, NFCUS.

"... your policy is an ideal form of adequate protection with a premium that I will be able to afford while I am getting established."

A NFCUS Policyholder.

Particulars of NFCUS Life Plan

THE PLAN—Term insurance for 10 years or to age 35, whichever is the shorter period; Ordinary Life thereafter.

AMOUNT OF INSURANCE—The minimum policy is \$5,000. There is no arbitrary limit to the amount that may be applied for except the usual limits under the Company's regular underwriting rules.

THE PREMIUM—\$3.50 per \$1,000 annually during the term period; Ordinary Life rate thereafter. The Ordinary Life Rates are included and guaranteed in the NFCUS LIFE Plan Policy.

ELIGIBILITY—All students who are members of the University of Alberta Students Union Society are eligible.

EFFECTIVE DATE OF INSURANCE—Insurance under each policy takes effect immediately upon the issue of the policy by the Company, whether the first premium has been paid or not.

TOTAL DISABILITY BENEFIT—If totally disabled your protection is continued in force without further payment of premiums. If still disabled when term period expires, your protection is automatically continued in force on the Ordinary Life Plan for the same amount of insurance with all premiums on the new plan waived until death or earlier recovery.

PRIOR CONVERSION OPTION—While the plan automatically becomes Ordinary Life at the end of the term period, there is an option for prior conversion to Ordinary Life at guaranteed rates without further evidence of insurability. Also, conversion to any Limited Payment Life, Endowment or Pension plan may be arranged.

CONVERSION AGE—NFCUS Life Plan policies may be converted at the attained age at the date of conversion; or at the age as of the original date of issue of the policy, in which case credit will be given for ALL premiums paid in addition to the conversion credit of \$2.50 per \$1,000 (see below).

REDUCTION IN FIRST YEAR PREMIUM ON CHARGE OR CONVERSION—A reduction of \$2.50 per \$1,000 of insurance will be allowed from the first premium payable upon the change to Ordinary Life at the end of the term period, or upon conversion of your NFCUS LIFE policy to any plan at any time. For example, if converted at age 25, \$10,000 NFCUS LIFE insurance would cost \$125.40 and the first year premium would be reduced by \$25.00 leaving a net amount payable of \$100.40 for the first year.

ACCIDENTAL DEATH COVERAGE—Policies may include a Double Indemnity Accidental Death clause at an extra premium of \$1.25 per \$1,000.

GENEROUS SETTLEMENT OPTIONS—The NFCUS LIFE Plan contains attractive settlement options whereby the insured at maturity, or the beneficiary may elect to take the proceeds of the policy in a variety of instalments or on a life annuity basis guaranteed for either 10 years or 20 years but payable in any event for life.

RIGHT TO ASSIGN—You have the right to assign your NFCUS LIFE policy. This is valuable as an assistance in obtaining loans (for example for educational purposes) as in this way the lender may be given a guarantee of payment in the event of premature death.

GRACE PERIOD—A period of 30 days of grace is allowed for the payment of any premium including the first.

NON-PARTICIPATING—THE NFCUS LIFE Plan is non-participating during the term period, however, at conversion, you may elect either a participating or non-participating permanent plan.

AVIATION COVERAGE—Death occurring as a result of air flight is covered except where you are the pilot or member of the crew.

NO WAR CLAUSE—There is no restriction as to the payment of death benefits if death occurs as a result of war, declared or undeclared, except as outlined for air flight.

For further information see your NFCUS chairman, or contact:

EVERY STUDENT NEEDS LIFE INSURANCE!!

BECAUSE you need to begin your program **NOW**—the student who enters his life career with a financial independence program **ALREADY STARTED** will, other things equal, achieve financial independence sooner—and on a higher ultimate level. NFCUS LIFE provides this "starter" at a price you can afford. BECAUSE you need to insure the investment in your education—to protect those who have protected you. Every year, through death by accident or natural causes, there are students who will never return. If someone has sacrificed to help you through University, be sure they are not left with expenses and loans to pay.

BECAUSE only thus can you protect your "insurability." Insurance bought now guarantees your right to permanent insurance for life regardless of changes in your health.

WHY THE NFCUS LIFE PLAN IS YOUR FIRST CHOICE

Remarkable savings achieved by NFCUS mass buying power—an advantage gained for University students through their association together in NFCUS.

Tailored for University students and available exclusively through affiliation with NFCUS.

The group principle brings equal protection to NFCUS students of all ages—up to 35! Non-Canadian students are also eligible if attending Canadian Universities.

A ONCE-IN-A-LIFETIME OPPORTUNITY

Your affiliation in NFCUS makes it possible for you to own \$5,000, \$10,000, \$25,000 or EVEN MORE life insurance on your own exclusive plan covering you during your years at University and several years thereafter if necessary, at an exceedingly low rate,—then, when you are working in your chosen field (or practicing your profession) and are financially established, you begin to pay the premium for permanent Ordinary Life insurance—also at **guaranteed low rates.**

Scholarships And More Scholarships

the B.A. or B.Sc. degrees. The awards will be made on the basis of academic proficiency and financial need. Apply to Registrar by June 15.

St. Hilda's Leaving Scholarship
A \$400 scholarship is available to a student in Arts and Science at the Calgary Branch who will continue her education at another approved institution. Apply to Registrar by June 15.

The Dowell Bursary in Chemistry of \$500 is offered by Dowell Incorporated, a subsidiary of the Dow Chemical Company, to a male student who has completed one or more years of either Honors Chemistry or the Chemistry pattern. Preference will be given to a student entering the final year of his course. The award will be made on the basis of academic proficiency (at least 75% on the previous year), participation in extra-curricular activities and of financial need. Applications for this bursary should be received by the Registrar by June 15.

The Mobil Oil of Canada Ltd. Scholarship in Geology, of the value of \$400, is offered to a geology student in the final year. Apply to the Registrar by June 15.

The California Standard Company Geological Scholarship, of \$375, offered to a student entering the final year of geology. Apply to the Registrar by June 15.

The Canadian Society of Exploration Geophysicists Scholarship in Geophysics This scholarship, of the value of \$350, will be awarded by the University to a male student entering the second year of the combined Honors course in Physics and Geology, on the basis of high academic standing in the work of his first year course.

The California Standard Company Geophysical Scholarship, valued at \$375, is offered annually by the California Standard Company to a student of outstanding merit who is entering his third year of honors Physics and Geology,

honors Physics, honors Mathematics or Engineering Physics, and who is interested in oil exploration or production. Application should be made to the Registrar by June 15.

The Annie Fefferman Prize in Mathematics to the value of \$25.00 in books is offered by the family of the late Mrs. Fefferman to the student making the highest standing in Mathematics 1 provided that the student's general record is satisfactory to the Faculty Council.

The Sam Fefferman Memorial Gold Medal in Honors Physics is offered by the family of the late Mr. Fefferman to an outstanding student in the graduating year of the honors program in Physics. The student must have registered in a Honors in Physics, and be recommended for the award by the Department of Physics.

Smalley's Radio Ltd. Bursaries—Two bursaries of \$500 each are offered annually by Smalley's Radio Ltd. of Calgary to students who are entering the second or third year of Honors Physics, or the third year of Engineering Physics at the University of Alberta. The award will be made on the basis of scholastic standing and of financial need.

Application should be made to the Registrar by June 15.

The Canadian Legion Scholarship in Physics or Electrical Engineering of \$400 is offered annually in the field of Physics or Electrical Engineering.

Applications for this scholarship should be received by the Registrar by June 15. The terms of award are otherwise the same as for the Canadian Legion Scholarship—see under awards available in any faculty.

The Hudson's Bay Company Scholarship One scholarship of \$300 is awarded to a student of outstanding merit who is entering the third or fourth year of Honors History or the third year of the

History pattern. Apply to the Registrar by June 15.

The Schlumberger Well Surveying Corporation Undergraduate Scholarship of the value of \$500 is awarded to a student of outstanding merit on the basis of his academic record in the second or third year of Electrical, Mechanical or Petroleum Engineering, Physics or Geology. The student must plan to include in his undergraduate program two full courses in Electricity, such as Physics 43, 46, 53, 56, or any courses in Electrical Engineering.

Application must be made to the Registrar by June 15.

FACULTY OF AGRICULTURE

The Dan Baker Scholarships

Four scholarships of the value of \$150 each are available to undergraduates or graduates in Agriculture. Apply to Registrar by June 15.

The Canada Packers Scholarship, valued at \$500, is offered annually to a student entering the fourth year of Agriculture at the University of Alberta. While preference may be given to a student majoring in field of general interest in the packing industry, all students with high standing in the work of the third year will be eligible.

The Robert Gardiner Memorial Scholarships

Two scholarships of \$100 each are open to students from farm homes. One scholarship will be awarded to the student standing highest in the third year in the Faculty of Agriculture.

One research scholarship will be open to members of the graduating class or graduates who are proceeding to post-graduate work in Agriculture at the University of Alberta. Apply to the Registrar by April 15.

The Renkenberger Scholarship

This scholarship of \$250 will be awarded to a student who desires to specialize in the study of the principles of co-operation in the Faculties of Agriculture, Arts and Science including Commerce, and Education. Apply to the Registrar before August 1.

SCHOOL OF COMMERCE

The Renkenberger Scholarship

See details under Faculty of Agriculture, and in calendar. Applications are due August 1.

The Friends of the University Bursary

in Commerce

One bursary of \$100 is open to students who have completed the first or the second year of B.Com. degree course. Apply to Registrar by June 15.

The Riddell, Stead, Graham and Hutchison Award—This award will be given to a student completing the second year of the course leading to the degree of Bachelor of Commerce, who is proceeding to the third year, and who intends on graduation to enter article with a practising firm of chartered accountants. The value of the award will be the tuition fees in the final year of the School of Commerce. In addition, the winner will be offered summer employment with Riddell, Stead, Graham and Hutchison. The award will be made to a student whose personality, ability, academic record and other characteristics are, in the opinion of the School of Commerce, those needed by a chartered accountant.

Application should be made to the Director of the School before March 1st.

FACULTY OF DENTISTRY

The Friends of the University Bursaries in Dentistry

Two bursaries of \$100 each are available to students who have completed the first and are entering the second year of Dentistry. Apply to Registrar by June 15.

The Dean's Scholarship in Dentistry, of the value of \$250, is offered by an anonymous donor. It is open to fourth year students in dentistry. The award will be made on the basis of financial need and scholarship.

Application should be made to the Registrar by October 7.

FACULTY OF EDUCATION

The Renkenberger Scholarship

See details under Faculty of Agriculture. Applications are due August 1.

The Friend of the University Bursaries in Education

Two bursaries of \$100 each are available to students who have completed the first year and are entering the second year of Education. Apply to the Registrar by June 15.

Loan Fund
A loan fund has been established to provide loans to students in need of financial assistance to continue their preparation as teachers through intramural study. Applications will be dealt with in May and September, and must be submitted by May 15 or August 31.

Government and Divisional School Board Bursaries and Fee Payments

Financial Assistance for Students enrolled in the Junior E, Standard E, and Standard S programs

Students in either of the three programs mentioned above may apply for a Government Bursary of \$200 or a School Board Bursary of \$300 during the first year of training. Students enrolling in the Standard S program may also apply for a bursary for their second year in the Faculty of Education. Note: Bursaries are not available for students in the second year of the Standard E program. In addition, students in each of these programs may apply for remission of fees for each year of training.

Application for these benefits should be made to Mr. S. A. Earl, Co-ordinator of Teacher Education, Department of Education, Administration Building, Edmonton on or before August 31. Applications for School Board bursaries should be addressed to School Board Offices.

In return for these benefits, the recipient must undertake to teach in Alberta for two consecutive years following completion of the program in which he is enrolled.

Summer Session Bursaries for Certificated Teachers

A maximum of 250 Summer School Bursaries, each of \$100, will be payable to applicants who have completed a minimum of two years of professional training and are holders of a Standard S Certificate or its equivalent, or who by one Summer School may qualify for a Standard S Certificate. The applicants must express intention to qualify for teaching at the Grade XII level. The applicants must also have satisfactory academic standing, be recommended by a superintendent or a high school inspector, and must sign an undertaking to teach for one year at the senior high school level in the Province of Alberta immediately following the completion of the summer session.

Teachers who are interested should immediately confer with the superintendent of the division or county in which they teach, or the high school inspector concerned. Applications should be attached to the University Registration form and sent to the Dean, Faculty of Education, University of Alberta, Edmonton.

Bursaries and Fees for Graduates of Other Faculties

A maximum of 40 Government Bursaries each in the amount of \$400, and remission of fees (approximately \$200), will be granted by the Government of Alberta to graduates of the University of Alberta or of other Universities. Candidates must elect a program of teacher education in the Faculty of Education at the University of Alberta, leading to certification to teach at the senior high school level, and must undertake to teach at the high school level in the public or separate school system of Alberta for two consecutive years following the completion of a year of training in the Faculty of Education.

Application forms are available at the office of Mr. S. A. Earl, Co-ordinator of Teacher Education, Administration Building, Edmonton.

Applicants should be attached to the University Registration form and sent to the Dean, Faculty of Education, University of Alberta, Edmonton.

*The Canadian Education Association Fellowships

The Imperial Oil Company Limited Fellowship in Educational Administration of \$2,400.

The Canadian Text Book Publishers Fellowship in Educational Administration of \$2,400.

The International Nickel Company of Canada Limited Fellowship in Educational Administration of \$2,400.

The above fellowships, sponsored by the Canadian Education Association, are tenable at the University of Alberta to graduate students working at the Master's or Doctor's level. Applications for these fellowships should be made before March 1st on forms available from the Chairman, Division of Educational Administration and Supervision, Faculty of Education, University of Alberta.

The W. K. Kellogg Foundation Fellowships in Educational Administration—Nine fellowships, of \$2,400 each, donated by the W. K. Kellogg Foundation, Battle Creek, Michigan, are tenable at the University of Alberta to graduate students working at the Master's or Doctor's level. Applications for these fellowships should be made before March 1st on forms available from the Chairman, Division of Educational Administration, and Supervision, Faculty of Education, University of Alberta.

The Carnegie Corporation Fellowships—Three fellowships, two of \$2,500 and one of \$1,500, donated by the Carnegie Corporation, are tenable at the University of Alberta to graduate students working at the Master's or Doctor's level in Educational Research. Applications for these fellowships should be made before March 15th by letter. Applications accompanied by transcripts of academic record and the names of three suitable references should be sent to the Dean, Faculty of Education, University of Alberta.

FACULTY OF ENGINEERING

The Dow Chemical Scholarship in Engineering—valued at \$750 (\$250 of which is made available to the Department of Chemical and Petroleum Engineering) is offered annually by Dow Chemical of Canada Limited to a student of outstanding merit on the basis of his academic record in the third year of Chemical Engineering and his interest in the Chemical Engineering Club of the University of Alberta and in student affairs generally. The scholarship is tenable at the University of Alberta in the fourth year of Chemical Engineering. Application for the scholarship is not necessary.

The Mobil Oil of Canada, Ltd. Scholarship in Petroleum Engineering of \$400 is offered to students entering the fourth year of Petroleum Engineering. Application should be made to the Registrar by June 15.

The California Standard Company Petroleum Engineering Scholarship of \$375 is offered to a student of outstanding merit in petroleum engineering who is interested in oil exploration or production. Application should be made to the Registrar by June 15.

The California Standard Company Geological Scholarship of \$375 is offered to a student of outstanding merit in geology or geological engineering who is interested in oil exploration or production. Application should be made to the Registrar by June 15.

The California Standard Company Geophysical Scholarship, valued at \$375, is offered annually by the California Standard Company to a student of outstanding merit who is entering the third year of honors Physics and Geology, honors Physics, honors Mathematics or Engineering Physics, and who is interested in oil exploration or production. Application should be made to the Registrar by June 15.

Smalley's Radio Ltd. Bursaries—Two bursaries of \$500 each are offered annually by Smalley's Radio Ltd. of Calgary to students who are entering the second or third year of Honors Physics, or the third year of Engineering Physics at the University of Alberta. The award will be made on the basis of scholastic standing and of financial need. Application should be made to the Registrar by June 15.

The American Society for Metals Foundation Scholarship in Metallurgy, valued at \$400, will be given annually by the Foundation for Education and Research of the Society to a student who has completed his second year in Metallurgical Engineering. The award will be made on the recommendation of the Department of Mining and Metallurgy, based on the student's academic record and general ability, and will be paid after his registration in the third year of the Metallurgical Engineering course.

The Canadian Legion Scholarship in Physics or Electrical Engineering of \$400 is offered annually in the field of Physics or Electrical Engineering.

Applications for this scholarship should be received by the Registrar by June 15. The terms of award are otherwise the same as for the Canadian Legion Scholarship—see under awards available in any faculty.

The Sam J. Gorman Memorial Bursary in Engineering

This bursary of \$300 is awarded to a student who has completed the second year of any branch of Engineering, and will be based on scholastic standing and financial need.

Apply to the Registrar by June 15.

The RCE Memorial Scholarship
This scholarship of \$125 is offered to students who are completing the third year of Engineering and who are in good standing of the Officer's Training Corps. Apply to the Registrar by March 30.

Continued On Page 9

TO APPLY . . .

Complete the application printed below, clip and mail before March 31, 1957. On amounts up to \$10,000, a medical examination is not generally required.

NOTE: This application is on newsprint. Use blue or black ink for photographing. If ink runs, please use ball point, but all information must be clearly legible. Thank you.

PLEASE PRINT ALL INFORMATION

TO THE FORM "A"

CANADIAN PREMIER LIFE INSURANCE COMPANY

NATURAL GAS BUILDING, WINNIPEG 2, MANITOBA

APPLICATION FOR INSURANCE ON THE NFCUS LIFE PLAN

10 Year Term or Term at Age 35, nearest birthday, whichever is the shorter period, with Ordinary Life thereafter, (waiver of premium included), (prior conversion option included).

- (1) APPLICANT First Name Middle Name Last Name
- (2) PERMANENT ADDRESS No. Street City and District Prov. (Family home—where mail may be sent if necessary)
- (3) MAILING ADDRESS No. Street City and District Prov. (Policy and Notice will be mailed here unless otherwise requested)
- (4) DATE OF BIRTH (5) MALE ☐ (6) MARITAL ☐ (7) WEIGHT LBS. FEMALE ☐ STATUS (8) HEIGHT FT. INS.
- (9) ARE YOU NOW IN AND DO YOU USUALLY HAVE GOOD HEALTH? Yes ☐ No ☐ If "no" give details in Section 10.
- (10) FOR ANY ILLNESS REQUIRING MEDICAL ATTENTION GIVE DATE, NATURE OF ILLNESS, DURATION AND NAMES AND ADDRESS OF MEDICAL ATTENDANTS OR HOSPITAL.

- (11) (a) Have you flown or do you intend to fly other than as a fare-paying passenger on a scheduled airline? Yes ☐ No ☐ If "yes," explain in "c."
- (b) Have you ever applied for insurance without receiving a policy of the exact kind and amount applied for or have you ever been offered a "rated" policy? Yes ☐ No ☐ If "yes," explain in "c."
- (c) Explanation

- (12) Are you a member of a student organization affiliated with NFCUS? Yes ☐ No ☐

University Faculty

- (13) AMOUNT OF INSURANCE (14) NAME OF BENEFICIARY (All Names in Full—For Example, Mary Jane Doe, not Mrs. John Doe)

An Active Alumni

A final in a series of three articles appears in this the last issue of The Gateway for the term. The purpose of these articles has been to bring to the attention of this year's graduating class a knowledge of the existence of the University of Alberta Alumni association, which, it is hoped, most of the class will join.

At present the membership of the Alumni association is 16,000, but of that number only 2,500 of them are active members—that is, they have paid their \$25 fee.

It has been pointed out that the Alumni association can not be active without graduates who are willing to become active members. This is obviously true. However, these graduates must be offered something more than a magazine or an alumni ball to induce them to become active members.

Across the border, the alumni associations of various universities are well known for the very active part they take in the affairs of their respective universities. A recent article in the *Financial Post* pointed out that U.S. alumni donors contributed twice as much money per alum as their Canadian counterparts to their universities. If Canadian universities are ever to receive from alumni donors the badly needed funds and assistance to keep up with increasing enrollments, they are going to have to offer their alumni a definite program to participate in. This is particularly true at U of A.

Here a full time alumni secretary and an elected alumni executive have their work cut out for them if they are to foster a plan whereby they can realize a more active participating membership in the association.

The University itself which realizes the importance of the Alumni association (last year it contributed \$11,000 to the expenses of the association), could possibly aid in a revamping of the present setup to make it more effective.

The alumni this year has taken a step in the right direction in their participation in the negotiations which will give the university its much needed physical education facilities. A special fund has been started by the Alumni association in the name of the late Winslow Hamilton, a graduate of the university, which is expected to raise \$100,000 to go toward the construction of a swimming pool.

With this project the Alumni Association of Alberta has made a move in the right direction. Such action as this will gradually lead to an active alumni association, one which this year's graduates will gladly join as contributing members.

Borrowings

By Young

"Modern Theology is determined to find its world-accepting ethic in the teachings of Jesus. Therin be's its weakness. Why spare the spirit of the individual man its appointed task of fighting its way through the world legation of Jesus? It is only by means of the lesson thus setup that religious energy can be communicated to our times." Albert Schweitzer.

Modern church people tend to deny the world-negating spirit of Jesus. Thus they refuse to set themselves against the materialistic worldness of our time. It is true, as Schweitzer says, that the individual, religion's only concern, is always set up against the worldly spirit of the community. The paradox of Christ is that we reject the world for him in order to be able to better act in it. Those who speak of the "benevolent" religion of the East have totally and stupidly forgotten that these religion preach a total retreat from the world, a life-denying dogma. Thus they can only afford a negative ethical teaching, one wholly unsuitable to our Western world. Thus, I say to all mystics: find your values in your own, only religion Christianity. It contains all the seeds of world-denial on the individual level and world acceptance on the communal level.

Varsity Choices

COMMENTS

To the Editor:

With your permission I would like to pass a few comments on campus activities this year. Firstly, I think, that both you and SU president John Chappel deserve commendation on the extremely fine jobs each of you have done; that 90% of the students on this campus need to have pointed out to them the difference between getting an education and a degree; that Van Scraba was right on her stand against fraternities; that this year's SU elections campaign was marvelous; that Model Parliament was much better this year than it was last year; that Norma Fuller's article on Varsity Varieties praised and criticized the right things; that the Ed faculty has the best, if too provincial, spirit on the campus; that a better title for a second editorial on the sport page than Inside the Bear Barrel would have been Inside the Bear Hug with the odd mention of something other than basketball; that the McGoun debaters were good but the coaching was better; that the way to get more students out to games is to charge them a dollar more for general fees and give them a free pass to all games on the campus; that wrestling is the best all-around sport for the varsity male; and finally, that the E & G really boomed when they failed to get a picture of the WCIAU championship wrestling team.

Yours truly,
Bernie D'Aoust, Ed 4.

CALGARY WEEKEND

To the Editor:

Just under 200 students from the University of Alberta in Edmonton invaded the campus of the University of Alberta in Calgary on Saturday, Feb. 23. The affair was a huge success and we were all as busy as bees from midday until long after midnight. The president, the Acting president, your provost and Dean Coutts will be pleased to learn that the tone of student fellowship was "par excellence".

We met the special train and were extremely gratified at the turn-out, especially so in the light of the very cold weather on that particular day. The thermometer hovered around 20 or 25 below but 24 hours later the temperature was 60 above with water running in the streets. Such is the land of the Chinook, uncertain and always interesting.

I attended quite a number of the game functions, the banquet, and the dance, and was vividly impressed with the camaraderies and fine esprit de corp that prevailed in all the contests. Everyone played the game and played it hard in order to win for their respective city.

Special words of commendation go to Frank Kiyooka, President of the EUS in Edmonton. It was a pleasure to meet Frank and to get to know him. We all liked his sparkle and enthusiasm which seemed to radiate or emanate from the members of all of his tribesmen.

The annual invasion of the Edmonton campus with its return trip by the Edmonton folk to the Calgary campus has now become a well established tradition. This year's event was the best in the history of the southern branch of the University since the year of our birth in 1945. I am sure that next year, and in all the years to come—as long as there are years to come—that "Operation Teepee" and "Operation Igloo" will be an annual affair of the Education Undergraduate society in the two great cities of Alberta.

Thanks to Ed Ernst and Ann Ross for all their arrangements and our special appreciation to the staff members, Mr. and Mrs. Buxton, Mr. Wilfred Pilkington, and Mr. Alison Forbes for the time they gave us to have a happy day with us.

Looking forward to having another successful operation next year.

(Dr.) A. L. Doucette, Director
University of Alberta at Calgary

SOCIAL CREDIT

To the Editor:

Why don't you find out what you are writing about before you start on an editorial? This applies in particular to your editorial entitled "Funny Money" in the Friday, March 8 issue of The Gateway.

I am not saying that I agree with the governments plan. But I thoroughly disagree with your misinterpretation of facts. You are saying that this \$22 a year is along the lines of the 1935 promise of \$25 a month. That was the Social Credit Monetary Theory. This is a dividend of moneys received from the development of our natural resources. The least you can do in writing an editorial is to keep the facts straight.

While I do not agree with the present salary raises I would like to ask you a question. Why are the opposition parties not howling about this? The answer is obvious. Fifteen dollars a day expenses really really warms their hearts.

While we are discussing this subject may I ask you another question. If the Conservatives are howling for an increase in the supplement to the old age pension, why don't they do something about the mere \$40 a month in the Conservative paradise of Ontario?

Hoping that such a "conservative" paper will be kind enough to publish this letter.

Ernest E. Patterson,
Ed. 1.

APPRECIATION

To the Editor:

May I express, through the columns of your campus paper, the sincere appreciation of the Varsity Guest Weekend Committee to all students and faculty members who made this year's open house such a success.

The University is especially grateful to those students who came forward of their own accord to assist with the Saturday program.

Yours truly,
Doug Burns,
(Public Relations Officer)

SLOW READER!

To the Editor:

I have just caught up with your editorial of Feb. 22 beginning "How apathetic are the students of this university?" It is my personal belief that you underestimate many of the students on this campus. Have you not noticed that there are some arguments going on right here which have in fact, being going on since the time of Socrates? I am inclined to think that a Society of Free Thinkers would be an asset to the students.

Yours truly
Sceptic.

Notice Board

The campus Liberal club will hold their annual election meeting Wednesday, March 20th, at 12:30 p.m. in Arts 148.

Student travelling east at end of April, preferably to Ottawa, is available to join in car pool if desired. Contact Colin Campbell, Ph. 33155.

It is the sad story of our age that we have forgotten this distinction and have attempted to accept all or deny all, an impossible and a desperate task.

A CUP Feature

News And Views From Other U's

By Judy Phillipson

In this age of comfort and prosperity, color television, and 30 cent cigars, money-mad undergraduates might do well to read the following anecdote with care, states the *Queen's Journal*.

In 1923 an important meeting was held at the Edgewater Beach Hotel in Chicago. Attending this meeting were ten of the world's most successful financiers. Among those present were:

- The president of the largest independent steel company;
- The president of the National City Bank;
- The president of the largest utility company;
- The president of the largest gas company;
- The greatest wheat speculator;
- The president of the New York Stock Exchange;
- A member of the President's cabinet;
- The greatest "bear" in Wall Street;
- The head of the world's greatest monopoly;
- The president of the Bank of International Settlements.

Here, anyone should admit, was a group of the world's most successful men; in any event, they were all men who had discovered how to make money in large quantities. Thirty-three years later, let's see where those men are.

The president of the largest independent steel company—Charles Schwab—died bankrupt and lived on borrowed money for five years before his death.

The president of the largest gas company—Howard Hopson—is now insane.

The president of the greatest utility company—Samuel Insull—died a fugitive from justice and penniless in a foreign land.

The greatest wheat speculator—Arthur Cutton—died abroad insolvent.

The president of the New York Stock Exchange—Richard Whitney—was recently released from Sing Sing Penitentiary.

The member of the president's cabinet—Albert Fall—was pardoned from prison so he could die at home.

The greatest "bear" in Wall Street—Jesse Livermore—died a suicide.

The president of the Bank of International Settlements—Leon Fraser—died a suicide.

All of which, to all you prospective businessmen should prove something!

* * * * *

"Famours for Friendliness" is the motto of UBC's and Canada's most unique co-ed club. The club which is named Phrateres is an international co-ed organization with 11 branches ranging from Washington State to Texas.

The chapter at UBC has 230 girls divided into ten Greek letter sub-chapters. Any UBC co-ed is eligible to join, the only requirement being that she live up to the Phrateres' friendliness motto and attend 75% of the chapter's social and social service meetings.

The club holds many social activities as well as having each sub-chapter enter a team in UBC's intramural program. The sub-chapters must also engage in to social service projects annually. Phrateres also provide a \$100 scholarship each year for some out-of-town freshette. Money is raised by selling programs at football games and ice cream at UBC theatre productions.

Pledges, co-eds from any faculty in any year rush each September. They get their pledge pins in October and are initiated at a candle-light ceremony in January.

NFCUS meeting Monday, March 18 at 4:30 p.m. in Council Chambers. This is the last meeting and representatives are asked to be present.

WUS 'N Greece

Education Privileges

We have received the privilege of obtaining some of the highest training our society has to offer—a university education. Some of us regard it as a privilege and do our best to gain the intellectual and social stimulation it has to offer. Some of us regard it as a mere stepping stone to a fat salary or to a new prestige. For the latter the paper diploma is the real goal and the easiest means of reaching it is sought. Unfortunately the coveted piece of paper is usually obtained but the real university education is lost. Happily it is only a minority that adopt this attitude.

However it is this minority that drains the life of a university and offers little towards its growth. I am thinking here of the students who choose the "snap" courses at the beginning of each term, those who attend the minimum of lectures, those who merely "sit" or "sleep" through the lectures they do attend, those who borrow old essays to fill assignments, those who put in little effort at exam time only because they must get that 60% average to graduate. These are the students too, who shy away from social responsibilities and even fear to lift a finger to put up a few posters because it might cut off coffee time in Tuck. These are students that are but parasites in the university community.

Every university, in all countries, has its parasites. But in the universities where the struggle to gain the privilege of training has been difficult, the parasites are few and far between. In Greece such struggles are often enacted. There are only two Greek universities, one in Athens and one in Salonika. Together their student enrollment totals 15,000. The population of Greece is approximately 7,000,000. In order to have the same ratio of students to population she would need 12 more universities.

The struggle is indeed difficult, especially for those in the lower income levels. There are few scholarships, bursaries or loans. Books are scarce and expensive. Student residences are non-existent. This means that students are forced to seek board and room outside the campus where the prices are extremely high. The average charge is a monthly sum of 30 dollars. If this is compared to the general wage of a factory worker which comes to only 40 dollars a month, it is obvious why the lower-working class have little hope of reaching the doors of a university.

The senior students look toward graduation with mixed feelings. Their future is generally not too bright. The possession of a degree does not ensure employment for them as it does for us. During their university years they have little chance of making contacts in the business world because they do not work during the summer holidays. There are simply not enough jobs. This unemployment problem has encouraged some students to leave their country. To a certain extent this is regrettable because they could make potential leaders in the redevelopment of their homeland.

Education in Greece has been greatly bolstered by foreign and private institutions such as the primary schools for Armenian Refugee children and Pierce College, an American finishing school. In fact, there are more private schools than public schools. The reason for this seems to lie in the lack of government funds for educational development. It is true that the government has provided for free and compulsory education at the primary level but once the gymnasium (high school) level is reached many students have to rely on outside support.

International Organizations such as UNNRA, World University Service have made important contributions to many Greek students. When we visited the Armenian School we saw their UNNRA labeled supplies of food and clothing. Near the University of Athens a student rest centre had been built through the efforts of WUS. Another project this organization carried through was the setting up of a mimeographing machine so that sheet copies of important text-books could be made and distributed among the students. WUS scholarships have been offered, also. While we were in Athens we contacted the scholarship winner for this year who is now studying on our campus.

These international organizations have much to offer for the well-being of society. It is only when we can broaden our views to regard each country as a members of one world community that we can work towards international harmony. WUS has tried to build the idea of World University community. All members are encouraged to help one another be it through material aid or the exchange of ideas.

We are fortunate at the U of A for having all the material advantages we need. Many of us waste these advantages as I have tried to point

out at the beginning of this article. Nevertheless it is not too late to "smarten-up". First of all we should start appreciating the opportunities we have here and to make full use of them. At the same time we should stop to lift our noses from our selfish little paths and give an eye and an ear to the needs of our fellow-students just a few thousand miles away. We are the world leaders of tomorrow. If we learn to help one another now, perhaps that theoretical idea of international understanding and peace will actually come into existence.

Dunlop, Stuart Win Interfac Debating Trophy

Dick Dunlop, law 1, and Roy Stuart, law 2, won the Hugill Interfaculty Debating Trophy last Tuesday afternoon by successfully defending the resolution that "abstinence from liquor is a menace to society."

The two law faculty debaters won out over the education team of Bernie D'Aoust, ed 4, and Maurice Landry, ed 4, by a split 2 to 1 decision of the three judges. Dunlop and Stuart were the winners of an original Hugill complement of 27 teams, formed last fall.

The affirmative arguments consisted of four main points (1) abstinence from liquor endangers the foundations of society as a whole (2) it endangers the individuals in society by splitting them into hostile groups (3) historically abstinence has never worked out and (4) abstinence from all alcoholic beverages destroys a healthy economy by creating unemployment.

The negative team stressed that it was not necessary to drink in order to be accepted socially and pointed out the many reasons why abstainers were necessary at parties. They went on to argue that social drinking was dangerous to the individual who partook of such beverages. The fact that abstinence from alcohol was better for humans both psychologically and physically constituted their third main argument while their fourth point was that abstinence promoted family unity.

Judges for the debate were Prof. G. R. Davy, of the department of political science, Dr. L. G. Thomas of the department of history, and

Complete Wardrobes At Lost And Found

By Penny Whittaker

Lost anything lately? In an interview with Mr. Scotty MacLean, head of the caretaking department, it was learned that the Lost and Found department could completely outfit any coed, provided that she had one ear. There is a prevalence of single earrings turned into the Lost and Found.

Divided into several departments, there are Lost and Found offices in Room 125, Arts building; in the glass cases in the amphitheatres of (rooms 142 and 158) of the Med building; in the librarian's office of Rutherford library; in the Student's Union Office in SUB and in the office at the Cafeteria. In the Engineering building the Lost and Found is in the Math department, and in the Education building one must apply to the head caretaker.

Curious to learn which items were the most frequently lost, each of the different offices was questioned as to the nature of articles turned in. The Arts building provided the richest store, with everything from the aforementioned treasure trove of odd earrings to pens that Mr. MacLean says "can neither spell nor write". Included in this list are—fragments of broken pencils, a ladies gold watch, books (but seldom, if ever, any notes), odd gloves, a ladies' hat with a feather in it, exchanged coats, car keys and locker keys, wallets (relieved of their cash

content), a dress, a pair of shoes, six slide rules and ladies unmentionables.

The slide rules are a point of interest, as the Math department, where you would expect to find an avalanche of slide rules, have had only three turned in this year. The variety of lost articles in the Engineering building was disappointing; their main commodity is books.

The Library's inventory included wallets, a man's watch, a pair of glasses, a pair of red shoes, a belt "How could anyone lose a belt?" asked the Librarian's secretary, countless pages of notes, campus A cards, car keys, several textbooks, a cigarette holder, a change purse with a rosary in it, many, many pens, an old school ring, a glasses' case, and wearing apparel, including a jacket.

The Student's Union office has quite a selection if you are looking for an odd glove or mitten, and they are also the possessors of a very respectable pair of clean men's socks. Here too, you can choose between another ladies' hat with a smaller feather, more books or a clipboard, a lipstick case, costume jewellery, a pen or a pair of glasses, a bankbook, or a genuine, stainless steel hypodermic needle.

There are no notes turned in at the Arts building office because, although the caretaking staff would like to be able to collect them, if they did so their office would be inundated under the deluge of papers and texts. The policy is to leave them in the classrooms where they were found.

Prof. D. Sherbaniuk of the faculty of law. The Hugill debaters received the Hugill Trophy at Color Night.

Unique Bridge Raising Project...

Pictured above during a C.B.C. radio interview on site are two Engineers vitally concerned with this project:

Dr. P. L. Pratley, (Centre) well known Consulting Engineer, designed the original structure as well as the raising operation. He spent fourteen years with Dominion Bridge gaining experience before going into private practice in 1920.

Ross Chamberlain, (Left). Project Engineer with Dominion Bridge started with the Company on Summer jobs, where he had experience in the shops, office and on erection work, while studying for his B.Eng. degree at McGill University. He later did post graduate work at the University of Birmingham, (England) and has been with the Company since his return in 1953.

At 27 years old, Ross, working with Senior Officials of the Company, is responsible for the engineering aspects of this great undertaking.

...unique opportunities for Engineers

One of the most spectacular and complicated works required for the St. Lawrence Seaway is now in progress. It is the permanent raising of the southern end of the Jacques Cartier Bridge... the largest operation of its kind ever undertaken *anywhere*.

The purpose is to provide a minimum vertical clearance of 120 feet above high water level in the seaway ship canal. An interesting feature is that uninterrupted traffic must be maintained over the bridge throughout practically all of the construction period.

The work has been entrusted to Dominion Bridge which built the original bridge in 1929. This project typifies the resources and experience of the Company in the field of structural engineering.

Dominion Bridge, an all-Canadian Company, is the foremost fabricator in this country of bridges and steel structures. Less well known is Dominion Bridge's leadership in other engineering fields. Cranes and other handling equipment, hydraulic machinery, boilers for heating and process steam requirements, mining machinery, refinery towers, pulp mill digesters, oil well machinery—these are but a few examples of the diversification of Dominion Bridge operations.

To-day we have the largest and strongest Canadian force of design engineers in our field. Much of their work is of a pioneering nature, and they are constantly being called upon to solve problems connected with large projects in virtually every type of industry. Theirs is a never-ending challenge. This "Unique Bridge Raising Project" is only one fascinating chapter in their story.

Build a Future with Dominion Bridge

There are interesting careers awaiting young civil and mechanical engineers in Dominion Bridge Company Limited. With 15 plants from coast to coast, we are now engaged in the largest expansion programme of our 74-year history.

You are cordially invited to get in touch with your National Employment Representative, Mr. T. E. Walker, at the University or to write to us at Winnipeg, Edmonton or Calgary, for descriptive booklets or further information on any question you may have in mind. Or telephone Mr. H. M. White, Winnipeg, 93-4501; Mr. R. Barnecut, Calgary 55 643; or Mr. Keith Dudman, Standard Iron & Engineering Works Ltd., Edmonton 88 101. Please mention this newspaper.

Still More Scholarships

The Prizes of the Northern Alberta Branch of the Canadian Institute of Mining and Metallurgy

Three prizes of \$15 each are offered for the best student paper submitted during the term on the subjects outlined in the calendar.

*The Schlumberger Well Surveying Corporation Undergraduate Scholarship of the value of \$500 is awarded to a student of outstanding merit on the basis of his academic record in the second or third year of Electrical, Mechanical or Petroleum Engineering, Physics or Geology. The student must plan to include in his undergraduate program two full courses in Electricity, such as Physics 43, 46, 53, 56 or any courses in Electrical Engineering.

Application must be made to the Registrar by June 15.

SCHOOL OF HOUSEHOLD ECONOMICS

The Phyllis Osborne McGachie Bursary in Household Economics

This bursary of \$100 is available to a student who has completed the second year of the B.Sc. course in Household Economics and is awarded on the basis of academic record and financial need. Apply to Registrar by June 15.

The Alberta Wheat Pool Scholarships

Three scholarships of \$200 each are offered to students entering the first, second and third years of Household Economics, and are available to students who have been members of Girls' Garden Club projects. Apply to Mr. R. M. Putnam, Deputy Minister, Department of Agriculture, Edmonton, before August 1.

Friend of the University Bursary in Household Economics

This bursary of \$100 is open to students who have completed the first year of Household Economics and are entering the second year. It is awarded on the basis of academic proficiency and financial need. Apply to Registrar by June 15.

FACULTY OF LAW

The President's Scholarships

See under Faculty of Arts and Science. Apply to Registrar by June 15.

The Raymond James Memorial Prize

An essay prize of \$25.00. See calendar.

FACULTY OF MEDICINE

Research Fellowship of the College of Physicians and Surgeons of Alberta

This fellowship of \$1,200, plus general and instruction fees for the next year in medicine, provided the holder returns to this school, is offered at the end of the second year of Medicine. Apply to the The Alberta Tuberculosis Association Registrar by April 15.

Prize

A prize of \$100 is offered annually to fourth year medical students for the most satisfactory essay on some phase of tuberculosis. Essays should be submitted to the Registrar before March 15.

The Friends of the University Bursary in Medicine

This bursary of \$100 is open to students who have completed one or more years of the M.D. degree course. Apply to the Registrar by June 15.

The Prize in the History of Medicine

This prize of \$10 in books is offered for an essay on some phase of the earlier development of anatomy or physiology, and is open to students enrolled in the third year of Medicine.

SCHOOL OF NURSING

The Friends of the University Bursary in Nursing

A bursary of \$100 is open to students who are entering the final year of the B.Sc. course in Nursing and will be awarded on the basis of academic proficiency and financial need. Apply to the Registrar by June 15.

FACULTY OF PHARMACY

See calendar for awards in the Faculty of Pharmacy.

The Drug Travellers of Alberta Bursary

A bursary of \$300 is offered to a student of outstanding merit who has completed at least one academic year in the Faculty of Pharmacy. The basis of award is scholarship, leadership, financial need and aptitude in the field of Pharmacy. Apply to Registrar before May 15.

SCHOOL OF PHYSICAL EDUCATION

See awards listed under Faculty of Education.

*The Alumni Gold Medal in Physical Education is offered by the Alumni Association of the University of Alberta to the outstanding graduating student in Physical Education, provided the student has been registered in a full year's program and has obtained an average of at least 75% in the final year.

*The Edmonton Branch of the Canadian Association for Health, Physical Education, and Recreation Bursaries of \$100 each are offered annually to a student entering the second year and one to a student entering the third year of the School of Physical Education. These awards will be made on the basis of academic record which must not fall below second class, and of financial need. Consideration will also be paid to the student's contribution in the field of Physical Education or Recreation.

Applications for these bursaries should be received by the Registrar by June 15.

SCHOOL OF PHYSIOTHERAPY

The Canadian Foundation for Poliomyelitis Bursaries

Six bursaries of \$350 each are available, three for students entering the course from Grade XII, and three may be awarded to students entering the second year. Apply to the Registrar by August 1.

GRADUATE AWARDS

The Robert Telgler Research Scholarship of \$900. See calendar. Apply before April 15.

The University of Alberta Research Scholarships—Two scholarships of \$900 each. See calendar. Apply before April 15.

The Henry Marshall Tory Memorial Scholarship of \$300 for graduate study and research in fields related to mental health. Apply before April 15.

The Stapells Graduate Scholarship of \$250 for graduate study in languages, or literature or the social sciences. Apply before April 15.

The PEO Memorial Scholarship of \$100 for Social Work. Apply to the Registrar before June 15.

The Dan Baker Scholarships—see under Faculty of Agriculture.

ship of \$100. See calendar. Apply before April 15.

The Robert Gardiner Memorial Scholarship of \$500 open to students in Agriculture. Apply before April 15. See calendar.

The Doctor D. S. Macnab Bursary of \$250 is available to recent graduates for the purpose of giving aid to postgraduate studies or research in Medicine or Surgery. Apply to the Registrar before April 15.

The Alberta Tuberculosis Association Fellowship of \$1,200 is offered to a recent graduate in Medicine for the purpose of acquiring training in the field of tuberculosis. Apply to the Registrar before April 15.

The Dorothy Jean Usher Memorial Scholarship for Medical Research—Apply to the Registrar before April 15.

The Cominco Fellowship of \$1,000 is open to graduates in Science, Engineering or Agriculture. See calendar. Apply to Registrar before April 15.

The Shell Oil Fellowship of \$1,800 is available for research in Chemistry, Chemical Engineering, Mechanical Engineering, Geology, Physics or Geophysics. Apply to the Registrar before April 15.

CIL Fellowship of \$1,000 is available for research in Chemistry or Chemical Engineering. Apply to the Registrar by April 15.

The California Standard Company Graduate Fellowship of \$750 is offered for graduate study in geology, geological engineering, petroleum engineering, geophysics, physics, engineering physics, mathematics or electrical engineering. Apply to the Registrar by April 15.

The Clarence Sansom Scholarship in Education, The Walker Barnett Scholarship in Education, The Dupont Company of Canada Limited Scholarship, The Canadian Education Association Fellowships, The W. K. Kellogg Foundation Fellowships in Educational Administration and The Carnegie Corporation Fellowships—See under Faculty of Education.

*The Pan American Petroleum Corporation Graduate Fellowship in Geology—A fellowship of the value of \$1,200 plus fees is offered by the Pan American Petroleum Corporation (formerly Stanolind Oil and Gas Company) for graduate study in the field of Geology at the University of Alberta. This fellowship is open to graduates of any Canadian University. Any graduate or graduating student who may be interested should apply to the Registrar by April 15 and should request three or more instructors familiar with his work to send to the Registrar confidential statements indicating the merits of the applicant and their estimate of his ability to pursue graduate work. Definite details should be given as to the field of study in which the candidate desires to work.

*The Pan American Petroleum Corporation Graduate Fellowship in Petroleum Engineering valued at \$2,500 plus tuition and fees is offered for the academic session 1957-58 by the Pan American Petroleum Corporation (formerly Stanolind Oil and Gas Company) to a student holding the B.Sc. degree in Engineering from any recognized university for graduate study and research at the University of Alberta. Applications should be made to the Registrar before April 15, and should include a complete record of undergraduate work and any graduate work previously taken by the applicant.

*The William Asbury Buchanan Bursary

The annual income of \$100 from a trust created by the will of the late Senator William Asbury Buchanan will be expended in paying part of the tuition

of a student whose home is in the Lethbridge Public School District, the Lethbridge Separate School District or the Lethbridge School Division. Selection of a recipient of this bursary will be made on the basis of intellectual attainment, athletic ability, useful activity in student affairs, and financial need.

The award, which is open to a student in any faculty, is tenable at the University of Alberta for matriculants or undergraduates, and either at this or another university for graduate studies.

Applications should be received by the Registrar by August 1.

AWARDS MADE BY OTHER INSTITUTIONS

Canada Gamma Local Scholarship of \$50. Apply to Dean of Women by June 15.

The Frankil Fellowship of \$750 for research in the field of soil mechanics at a Canadian University. Apply to the Registrar before April 1.

The attention of graduating or graduate students is called to additional awards outlined in the General Calendar.

OTHER FORMS OF FINANCIAL ASSISTANCE

See the calendar for the following:
The Students Assistance Act—applications due by October 7.
Leonard Scholarships.

Terwillegar Memorial Fund.

*The American Dental Trade Association has made available a sum of \$350 annually to be issued as loans to students who have entered, or are about to enter, the final year in the Faculty of Dentistry and who require financial assistance. Application should be made to the Dean.

Students Veteran Loan Fund.
RCAF Benevolent Fund.

The PEO Educational Loan Fund.

The Harry F. Bennett Educational Fund.

The University Women's Club Student Loan Fund.

Regular Officer Training Plan and

Royal Canadian Dental Corps Subsidization Plan.

SCOPE FOR A THOUSAND TALENTS as an Army Engineer

Yes, there is scope in the Canadian Army for engineers with many talents. Engineers who can design and build bridges, tunnels, dams, roads, airfields — engineers who specialize in mechanical, electrical and chemical engineering — engineers who can design and develop communications.

In the Royal Canadian Engineers, the Royal Canadian Corps of Signals and the Royal Canadian Electrical and Mechanical Engineers there are worthwhile tasks for every type of engineering specialist. Here are three paths to a Queen's Commission as an engineer, one of which may be your road to a fine career as an officer in the Canadian Army.

Regular Officer Training Plan. A plan applicable to all three services . . . the Army, the Navy and the Air Force. Under the terms of this plan acceptable University students and young men with college entrance are given a college education, and are paid while they learn to become officers. Training is given at either the Canadian Services Colleges or a University (or affiliated College).

Canadian Officers Training Corps — University Contingents. A plan for acceptable students attending Universities or Colleges with COTC contingents. Training is identical with that obtainable under ROTP and leads to a similar qualification.

Direct Entry Commission. Young University graduates may be accepted as officers in the Canadian Army, and on completion of necessary military training be granted a Queen's Commission on a short service or permanent basis.

Betty Fisher Wins Award As Outstanding Athlete

By Georgia Stanlake

Betty Fisher was named the winner of the Bakewell Trophy as the outstanding woman athlete combining participation, good sportsmanship and athletic ability. The trophy was presented to her last night at Color Night by

Miss M. Simpson.

Betty was manager of the fastball in 1954 and manager of volleyball in 1956.

During the past three years she has participated in intramural badminton, curling, broomball, tennis, track, volleyball, and pingpong. She also played intersarsity basketball and volleyball.

Sheila Chappel, for her outstanding contribution to women's intramural

athletics, was presented with the T. M. Johnston Trophy by Miss R. Anderson.

Major athletic awards for outstanding achievement in sports executive activity were presented to four women students at color night.

The winners of these awards are Joyce Aylen, nurse 3; Betty Fisher, phys ed 4; Fran Losie; and Pat McCleary, phys ed 2. These awards are in the form of white blazers.

Gold "A" athletic pins were awarded to Lorraine Adams, Barbara Beddome, Joyce Gibson, Jean Harvie, Barb Haysom, Lorreta Hoffos, Barb Johnston, Iris Kirk, Fran Losie, Pat McCleary, Dawn Percy, Marg Recknagle, Sylvia Shaw, Darlene Alviston, and Donna Huestis.

Riders to Gold "A" pins go to Eileen Nicol for badminton, Lorraine Adams, Betty Fisher, Mary Hendrickson for basketball; Barb Beaton for curling; Joyce Aylen for swimming, and Barb Beaton, Betty Fisher and Mary Hendrickson for volleyball.

Gold "E" pins were received by Betty Fisher and Fran Losie.

The WCIAU pin winners were Carol Evenson, Wendy Foster, Pat McCleary, Marguerite McGregor, Sandra McLeod, Noelle McVey, and Elaine Whelihan.

The WCIAU Guards were presented to Judy Cairns and Eileen Nicol for badminton, and Barb Beddome and Rosemary Hall for figure skating.

The eight intersarsity bars went to Nora Welbourn, Marilyn Assheton-Smith, Barbara Beddome, Rosemary Hall, Joyce Gibson, Dawn Percy, Anne Stewart and Eileen Nicol.

Felt "A's" were given to Phyllis Craig, Jean Harvie, Lois Blackwell, Pat Blakely, Jean King, Carolyn Massie, Marilyn Moro, Hazel Barr, Judy Cairns, Marg Ward, Sally Williamson, Joyce Yamamoto, Jenietta Van Dellen, Donna Jackson, Sally Bishop, Wendy Foster, Barb Haysom, Donna Huestis, Barg Johnston, Marion Levinson, Elaine Peacock, Judy Walls, Ruth Wilson, Barb Bennett, Diane Dixon, Barb Farmer, Ann Lovsein, Noel Russell, Anne Sutor, Marg Schell, Betty Byers, Sheila Chappel, Mary-Lou Duncan, Rosemary Hall, Sharon Hunt, Wendy McDonald, Pat Mohler, Carol Nichol, Anne Patterson, Judy Philipson, Marg Salter, Sylvia Shaw, Jennifer Simmonds, Pat Wochowich, Joan Thompson, Marilyn Assheton-Smith, Darlene Albiston, Bev Coward, Norma Betts, Maxine Schmidt, Barb Taylor, Donna Basso, and Aleda Van Dusen.

Felt "E's" were given to Donna Basso, Lorretta Hoffos, Pat Johnston, Anne Lovsein, Pat McCleary, Dawn Percy, Maxine Schmidt, Sylvia Shaw, Marg Ward, and Joyce Yamamoto.

The Western Canadian Intercollegiate Athletic Union type trophies presented by Mr. P. Austin were the Birks Challenge Trophy for Women's Intersarsity golf champions won by the U of A; Replica which went to Sandra McLeod, the Priscilla Hamond Memorial Trophy for

mixed badminton doubles which went to Eileen Nicol and Ron Ghitler; and the Irving Kline figure skating won by the U of A. The U of A was presented with the O. J. Walker Badminton WCIAU trophy; and Joyce Aylen was winner of the WCIAU synchronized swimming. Intramural Trophies

The Rose Bowl was presented by Miss E. Hastie. Group Intramural Championships went to Phys Ed; badminton was won by Pembina; and basketball, broomball, golf, swimming, track and field, and volleyball went to Phys Ed.

Phi Kaps Hold Top Sports Spot

The Phi Kappa Pi fraternity edged the Kappa Sigs for top honors in men's intramural athletics. The Phi Kaps compiled 1,140 points to the K Sig's 1,080 for the first place standing. Phi Deltas came third with 1,005 points while LCA was fourth with 760 points.

Fifth place was captured by the only faculty in the running, the engineers with 685 points. DU were sixth with a 680 total while the Zetes finished seventh with 600 points. There were 18 faculties, schools, fraternities, residences and miscellaneous units competing.

Golf was taken by Arts and Science.

Touch football was won by the Phi Delta Theta fraternity.

Imps won volleyball honors.

Frontier day went to the Phi Kaps.

The Kap Sigs took the basketball championship.

The Phi Kaps made a strong showing in many of the fall sports, had very good participation and placed well up in most of the events.

"Such MIGHTY Power encompassed in so small a frame"

By comparison with the vacuum tube the transistor is smaller, uses less current, generates little heat and has considerably longer life. It is proving an invaluable instrument for the designers of electrical equipment.

The manufacturing of transistors and their use in new equipment is but one of a number of challenging projects currently being undertaken by the Northern Electric Company.

The solving of Canada's communication problems will give full scope to the enquiring minds and inventive genius of young engineers.

There are interesting careers—and a continual need for University Graduates—at the Northern Electric Company Limited. A letter or postcard to the College Relations Department, Box 6124, Montreal, Que., will bring full information concerning these opportunities.

By Brian Staples

With these, the last words that will appear under this column head, I wish to express a few words of praise.

Firstly, to the people who made these pages possible, to the sports staff of The Gateway, a word of thanks. To Keith Guertin for his coverage of Bear basketball, to Gene Falkenberg and his insights into the working of the green and gold hockey machine. Then there is Boliver (Pat Johnston) and her timely articles on the women's sports world, and to Burt Demeretz and Ross Hetherington for work done in the intramural field (I have to admit—better late than never!)—thank you.

Thanks also to the persistence of Bernie D'Aoust and his wrestling

articles, and to Al Odynsky for curling news. Can't forget Dick Holmes and his much valued assistance, nor Garry and Lynne de Leeuw, who always showed up at the right time.

A special thank you to Ed Zahar, always willing and always with a smile.

And to my norska roommate, Murry Wenstob who always had an answer to the question "what'll I write in that cottin pickin' column tonight?" Then also, to Mac for assistance from afar—to all who assisted in any way on the sports page (even Brian Bertles and his "copy reading")—thank you.

I also wish to acknowledge the score of some of the information which has appeared herein: Frank King, Al Tollestroup, Vic Sartor and John Chappel on cross country, Fran Losie on WAA, Irvine Servold on skiing, Ray Kelly on judo, Bernie D'Aoust on wrestling, Gene Falkenberg on NCAA hockey rules, and of course to the K Sigs on football—thank you.

I will probably think of many things I would have liked to say—goodbye and good luck—spike.

Men Athletes Get Awards

The Athletic Board takes pleasure in presenting the following men's Athletic Awards.

The Wilson Trophy was presented by Dr. M. L. Van Vliet to the most outstanding athlete to Jack Parkinson.

The Western Intercollegiate Athletic cups and trophies were presented to the following: The Beaumont Trophy, presented by Mr. W. J. Beaumont to the U of A Wrestling champions; the Hardy Cup, presented by Dr. M. L. Van Vliet to the U of A Hockey Champions; the Hammer Trophy to the U of A winner of the annual UBC and U of A series; the Proctor Memorial Trophy to the U of A golf champions; and the O. J. Walker Intervarsity Badminton Trophy to the U of A.

Block "A" Gold Ring Awards were presented by Dr. M. L. Van Vliet to Dave Cornish, Bernie D'Aoust, Gene Falkenberg, Cy Ing, Don Kirk, Jack Parkinson, Al Tollestrup.

Block "A" numerals go to Bernie D'Aoust, wrestling; Herman Dorin, wrestling; Hugh Edgar, badminton and tennis; Gene Falkenberg, managing hockey; Sandy Fitch, golf; Ron Gitter, tennis; Don Kirk, hockey; Adam Kryczka, hockey; Jack Lyndon, hockey; Jack Parkinson, wrestling, Ed Sorochnik, hockey; and Al Tollestrup, basketball.

Block "A" Sweater Awards were presented by Dr. M. L. Van Vliet to Howard Boyd, swimming; Jim Carrol, rifle club; Hardy Davies, wrestling; Frank King, cross country; Bill Masson, hockey; Don McDonald, hockey; Bob McGhee, hockey; Al Odynsky, curling; Vern Pachal, hockey; Ted Scherban, hockey; Les Zimmer, hockey; and Dick Holmes, managerial.

The Beaumont Trophies were presented by Mr. W. J. Beaumont to Howie Boyd for the best general record in swimming and to Bernie D'Aoust for the best general record in wrestling.

The John Burns Trophy was presented by Dr. M. L. Van Vliet to Irvin Servold as the skier contributing the most to the club.

The Walter Schlosser Trophy presented by Dr. M. L. Van Vliet to the high scorer of the Golden Bears Basketball Team, Al Tollestrup.

Vern Pachal received the Andy Purcell Trophy, presented by Dr. D. Smith to the most valuable hockey player.

Intramural awards were presented by J. H. J. McLachlin. The Henry Singer Trophy for the Intramural Group winner was awarded to Phi Kappa Pi.

The Motor Car Supply Trophy for the individual winner was won by Sandy Fitch. The Athletic Association Trophy for the interfaculty hockey champions was presented to Arts and Science. CURMA Trophy was awarded to Kappa Sigma, winners in basketball.

The Inter-fraternity Council Trophy for touch football was won by Phi Delta Theta. The Kerr Trophy for cross country champions was won by engineering. The J. MacGregor-Smith Trophy was presented to the golf champions, Arts and Science.

In hockey, the bar to the five inch "A" went to B. Ramsay. Five inch "A's" went to R. Hetherington, R. Sawka, B. Wintermute, S. Bailey, P. Connellan, S. Hall, D. Fonteyne, and B. Millar. WCIAU crests went to all five inch "A" winners plus Vern Pachal.

In rifle, the bar to the five inch "A" went to D. Mitchell. Five inch "A's" went to C. Hansen and J. Hamilton.

Skiing five inch "As" went to I. Servold, H. Whyte, H. Koshel, P. Coldham, D. Gill, R. Lund, and B. Wilberg.

The bar to the five inch "A" went to J. MacDonald, and D. Horne, as well as WCIAU crests for badminton.

Golden Bears Hockey Champs

The University of Alberta's Golden Bears have crushed all opposition on the hockey rinks this year. In the back (l. to r.) stand Don Smith (coach), Bruce Millar, Vern Pachal, Bob McGhee, Ted Scherban, Pete Connellan, Ross Hetherington, Dennis Fonteyne, Bill Masson, and Ray

Sawka. In front (l. to r.) Gene Falkenberg (manager), Les Zimmer, Ed Sorochnik, Stu Hall, Jack Lyndon, Bill Wintermute, Don McDonald, and Adam Kryczka. The Bears scored 148 goals in 13 games with only 31 points scored against them.

ton. Five inch "A's" in wrestling went to A. Boykiw, F. Sweet, C. Filipchuck, and A. Dalgeish. WCIAU crests went to the above plus J. Parkinson, H. Dorin, H. Davis, and B. D'Aoust.

In swimming, five inch "A's" went to N. Hamilton, P. J. Clooney, T. Myers, J. Logan, P. Dupre, T. Perrin, and J. Leavitt.

M. Lloyd, D. Ross and D. Janowski received five inch "A's" in curling.

The bar to the five inch "A" went to B. Fisher and B. Perrin for volleyball. A five "A" went to E. Kumish.

In cross country, five inch "A's" went to V. Sartor, P. Coldham, H. Glyde, and D. Gill. The above received WCIAU crests.

The bar to the five inch "A" went to D. Jackson for tennis.

A. Bakay received a bar to a five inch "A" for golf. R. Collier received a five inch "A". Both got WCIAU crests.

High School Teachers
Junior High School Teachers
Elementary School Teachers
Teachers of Art at the Elementary Level

Application form and copy of Salary Schedule will be forwarded upon request.

G. H. Davison,
Secretary-Treasurer,
Medicine Hat School District No. 76,
P.O. Box 189,
Medicine Hat, Alberta.

Banff School Of Fine Arts Celebrates 25th Year

By Penny Whittaker

The twenty-fifth anniversary of the creation of the Banff School of Fine Arts will be celebrated this summer during the Main Summer Session from June 17th to Sept. 7th, 1957.

Twenty-five years ago the Carnegie Corporation of New York made a grant of \$10,000 a year to the University of Alberta's Department of Extension in order to further the work of the department in the advancement of the fine arts. This money was utilized the following year in the founding of a school of dramatics at Banff—with an outlet clause that if less than forty students applied for admission, the school would dissolve. One hundred and thirty applied that first year, paying a combined registration and tuition fee of one dollar for the term.

In 1935 the school expanded to include an Art Department, and at the same time the fee was raised to ten dollars. The next two years saw further additions to the theatrical department, and the formation of a Department of Music.

In 1937 the Department of Extension made plans for the continuation of the school upon the expiration of the Carnegie Grant, allotting \$2,500 to cover any deficit arising in the operation of the school. At the same time a gradual raising of fees was instituted in the hope that in five years time the school would be self-supporting.

Expanding rapidly, the school now envelopes courses in Theatre, Ballet, Painting, Music, Short story and Radio writing, Handicrafts, Interior Decoration, Oral French and Photography. Last year over 5,500 people attended various courses, meetings and conventions. Credit for some subjects may be put towards a University degree, while others offer either a diploma or certificate. In

Alumni Continued From Page 1

their academic training and expecting to graduate this spring, the wide gap between the participating membership and the general membership may decrease, increase, or remain static.

Why, you may ask, should I become an active member and have to pay fees? Since you have attended this university, you must, to some extent, owe a debt to it for your academic training which will enable you to succeed in your profession. Therefore if anyone is expected to take an active interest in the university, it is its graduates.

Your fees to the university are approximately one third of the total cost of giving you your academic comes largely from the provincial training. The other two-thirds and dominion governments as well as from Alumni. As an example of Alumni help, our Alumni helped purchase the furniture in SUB and has since aided the students in bringing stage two of the building programme before the provincial government. Consequently the help of others enables you to get your education—why not help those following you to varsity in the same manner.

If the Alumni association is to be active, you, as graduates, will have to play your part. This series of articles has been written so that you will know what the association is, what it endeavors to accomplish, and what you, as members, can do to promote your Alumni association. Whether you become a participating member actively carrying out its aim or just a general member because you happen to attend this university is a choice which you alone must make. If you are proud of your university as you should be, you will not hesitate to become an active alumnus. Remember that the Alumni Association can only be as strong and as active as its Alumni!

Exam Finals Near Students, Three-Draft Schedule Set Up

By Dolores Shymko

Writing of the first final examinations, "Series A" mostly for first and second year engineering students, will commence Tuesday, March 26 and will continue until Wednesday, April 3. "Series B" examinations, which include the majority of faculties, except the previously mentioned engineers and the medical students, will begin on April 12 and finish April 27. The first, second and third year Med students will tackle the third series of exams on May 7.

Survey school for first and second year engineers will start April 8 with observing techniques being studied until May 4.

The first schedule of final exams for all faculties was posted March 2. However, only a few conflicts arose, effecting few additional changes in answer to the request of instructors and the students. The third and final draft will be posted March 30. Also the student will be informed of place of writing and the seating plan close to this date.

The purpose of the three drafts is to eliminate any conflicts in the exam schedule which were conspicuous in the previous draft. The grounds for a change in the scheduling must be firm. The administration must take the matter of seating accommodation into consideration as well as the requests of the students.

The last day of lectures for most faculties will be April 9, with April 10 and 11 allotted as a breathing space before the finals. All Dentistry students and fourth year Meds will attend lectures up to April 13 with their examinations starting April 15.

The School of Nursing, fifth year B.Sc., Diploma, Public Health and Teaching and Supervising will write their final examinations March 23-April 3 inclusive.

Convocation will be held on May 17. Consequently the results of the graduating students will be given priority in marking, with the non-graduating student results returned as soon as it is feasible.

Supplemental exams will commence Sept. 6 for all faculties except Jr. E who will write at the close of the summer session.

To help ease the usual exam panic the Registrar suggests a few tips to ease the situation for both the administration and the student. The time and place of writing should be distinctly noted as every year some student inevitably misses an exam because of carelessness. The student should know the room as well as the building, and it is to his advantage to also know the number of the seat he is to occupy. The student is advised not to depend on someone else's reading of the timetable. Also, many students in-

correctly assume that the first drafts are final. The time of the writing of papers should be checked by the individual from the document marked "FINAL DRAFT".

With regard to tardiness, the doors of all examination rooms are to be locked for the first 15 minutes; latecomers will be admitted during the second 15 minutes, but not during the remainder of the period.

Exam Regulations as outlined on page 55 of the General Calendar read: (b) Absence from final examinations: Any student who is ill or in whose family there is a serious domestic affliction is advised not to sit for a final examination. Instead, he should forthwith furnish the registrar with evidence of the circumstances which prevented his writing the examination, and should apply for a deferred final examination.

Festival in Moscow

Floyd Williston, the Canadian representative to the International Preparatory Conference in Moscow, told The Gateway that about 150 persons from Canada are expected to attend the World Youth Festival being held in Moscow from July 28 to Aug. 11. Anyone interested in attending phone Marie Harisson—41084, or write to 47 Donald St., Toronto. Fares are as low as \$550 return from Toronto.

TV Microwave Complete Next Year

CBC Formed To Serve Public Interest

By Louis Parai

The air channel is a limited resource belonging to the people who have the right to decide what they want to do about it, said Mr. James R. Finlay to the Philosophical society meeting held Wednesday evening in Room 142 of the Med building.

Mr. Finlay, speaking on the topic "The Common Air", is the CBC Director for the Prairie Provinces.

Mr. Finlay stated that radio came into existence shortly after the first world war. It started fairly haphazardly in Canada largely through individual initiative. At the end of 1920, Canada decided to give radio careful consideration. Consequently a commission was set up to study this.

Because it was more profitable to import broadcasting from outside of Canada, the commission, in the interest of the country, recommended the formation of some sort of public organization having other sources of funds besides advertising. In 1936, the present form of the CBC came into existence.

This public system serves the public said Mr. Finlay. It produces Canadian programmes and also im-

ports the best ones from the United States. The CBC serves the public interest to the best of its abilities. This would not be hard, said Mr. Finlay, if public interest could be judged. However this cannot be accurately done because the public consists of many individuals who have many interests.

But the CBC has had to face other problems as well. It has to serve two language groups. Moreover, the Canadian population of 16 million is unevenly spread out over a wide area stated Mr. Finlay.

Canada had to make a similar decision when television came into existence. But, said Mr. Finlay, television is much more expensive than radio. Consequently a national television system was also formed.

However, the expensive part of television is not the programme production, said Mr. Finlay, but the ownership and the upkeep of a receiving set. For a family of four, the cost of a television programme is one cent per viewer; the operation cost of the set is five cents per viewer per day. In spite of this higher cost, television is next only to radio as the cheapest form of entertainment and information.

Speaking about the main micro-

wave network, Mr. Finlay stated that this network should be completed sometime next year. Live television should arrive in Edmonton this fall. Perhaps, he said, it may reach Alberta in time to allow the people to watch the Grey Cup game.

The CBC does not own the microwave network said Mr. Finlay. It is leased from the associated telephone companies.

Another highlight of the evening was the election of the coming year's officers. These are as follows:—Honorary President, Prof. G. R. Davy; President, Prof. A. Mardiros; Vice-President, Prof. H. Kreisel; Secretary, Prof. R. James; Treasurer, Prof. W. MacKenzie.

No Award Merited

No prizes were awarded to any of the 20 contestants who entered the McEachran Essay Competition sponsored by the Philosophical society.

Professor G. R. Davy, President of the Philosophical society, stated that "in accordance with the rules of the society, the three readers decided that none of the essays this year merited the awarding of a prize."

STUDENT UNION NOTICE

Applications will be received until March 28 in the Students Union office for positions on the Disciplinary, Interpretation Committee for the coming school year '57-58. The committee is to consist of five students who are in their 3rd or further year at the University, and who hold no position on Students Council. One of these committee members shall be a woman.

The duties will entail the interpretation and enforcement of the Constitution and By-laws of the Students Union.

Signed
J. KRYCZKA,
Sec.-Students Union

Aggies' Stage Coach

Photo by Gehard Sholten

Bob Adamson, ag 4, holding the reins and John Bocock, ag 4, with rifle in hand are shown preparing to invade the campus tomorrow. These aggies are advertising for their Bar None dance in the Drill hall Saturday.
